# Introduction

**Invest-Vault** is a web application designed to connect startups seeking funding with investors looking for promising ventures. This platform simplifies the process of finding investment opportunities and securing funding by providing a centralized space for startups to showcase their needs and for investors to discover potential investments within their budget.

# Invest Vault

## Fill in Your Details

Enter personal information such as name, contact details, and financial information as required by our secure investment platform

## Make the Best Bid, Be the Shark

Competitively place your bids to secure investments, aiming to outperform other investors while securing profitable opportunities.

## Select Preferences

Choose investment preferences including sectors, risk tolerance, and investment amount.

## Find Suitable SMEs to Invest In

We will research and identify small and medium-sized enterprises (SMEs) that align with your investment criteria.
